

ADDITIONAL
FOAMED LATEX
LAYER

SUPER TECH YETI

PREMIUM LINE

Insulated, coated protective gloves, made of good quality loop polyester yarn (7 gauges), finished with elastic rib. Half coated with smooth latex, blue colour, additional foamed latex layer on palm. Higher durability of double dipped parts.

- ✓ Finger coated with foamed latex give a good grip on held objects, even in wet environments, further increasing abrasion resistance.
- ✓ High resistance to tear.
- ✓ Perfect for general warehouse work, in particular for wrapping shipping pallets.
- ✓ Ideal for operators of machinery and equipment and their repair.
- ✓ Used in logistics, mainly in transport and handling.
- ✓ Compliant with CE CAT. I.
